Surface Mount Bollard Super Flexi Bollard

Specifications	
SKU	BOLSF100Y (Yellow) BOLSF100O (Orange)
Material	Polyurthane
Colour	Orange OR Yellow with White Reflective Tape
Dimensions:	Height: 1000mm Diameter: 75mm (Pole) 210mm (Base) Wall Thickness: 3mm Base: 3 Mounting Holes 13.5mm each in Diameter
Item Weight	2kg
Fixings	3 x FREE Mounting Bolts Included per bollard (standard fixings kit)

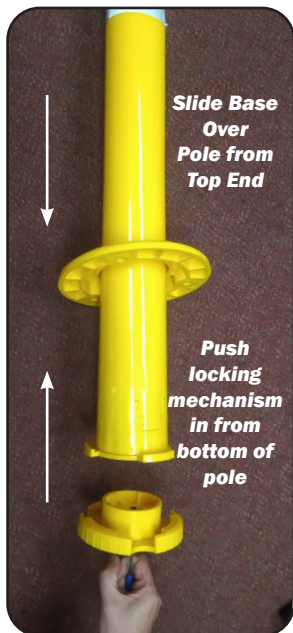

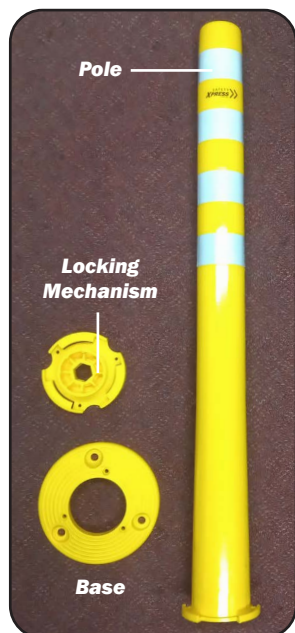

Assembly & Installation:

1. Product comes in 3 parts:

Pole x 1 piece, Base Ring x 1 piece,
Locking Mechanism x 1 piece

Note: please remove and throw away inside support pole before installation

2. Slide Base Ring over the pole from the top end of the pole
3. Put Locking Mechanism in from the base, Gently twist the component to lock it in with the pole. The lock mechanism will stay in place once locked in properly
4. Slide the Base Ring over the pole all the way down to the base, line all components up so the base ring sits flush over the base locking mechanism.
5. Now use mounting bolts to mount bollard to surface.

Line All
3 Components
up, push fit
before
bolting down to
ground
