

## Stair Nosing - Super Anti Slip 10MM Bullnose SAS7510

The SAS7510 Super Anti Slip Stair Nosing has a 10mm Bull Nose face with a Black or Yellow carborundum tape insert and is recommended for general indoor & outdoor environments with low to medium traffic areas. This stair nosing can be installed with glue or fixed in place using screws onto a variety of substrates including Timber, Concrete, Bitumen, Tiles, Vinyl, Rubber and Carpet. We can supply with or without countersunk holes and screws depending on the required application. The Safety Xpress Super Anti Slip Stair nosing exceeds the requirements of AS4586:2013 the Australian/New Zealand Standards for anti-slip regulations. The Safety Xpress Super Anti Slip 10mm bull nose (SAS7510) is Australian compliant meeting the national building code standards - AS 1428.1-2009.
