Traffic Lane Separator**

Traffic Lane Separation Kerb - 900mm Spring Back Paddle

Specifications	
SKU	TLS900PAD
Components	900mm Spring Back Paddle
Colour	Black / Yellow Stripes
Height	900mm (H)
Warranty	12 Months Warranty

Description:

This is a **Modular System** that clips together, so you can build to desired length.

Each Module - Centre, Male, Female, Spring Back Paddle **Sold Separately.**

Spring Back Paddle Installation:

We recommend applying soapy water onto middle panel base before sliding in the spring paddle, as this will make the assembly process easier.

No fixings required to fix Paddle into Mid Sections.

Please note 1 Mid Section can only accommodate 1 Spring Back Paddle

Assembly & Installation:

1. Clip all modules together, join together to form required length
2. Use the fixings supplied to join the modules together.
3. Note paddles can only be installed into Mid Sections

Note: If you need to fix this product to ground, you will need to purchase additional concrete screws.
